Monogram's HEAVY 70's

Monogram's deuce, SON OF FORD, gets it on with an injected 302 Mustang mill, tuned headers and fat slicks. Plush interior set off by custom steering wheel, tach, floor stick, heavy chrome roll bar. Moon tank up front.

Monogram designed the BOSS "A" BONE '29 pickup to haul Scuba gear surfside. And "haul" it does, with late model Olds power, custom carb setup, B&M Torqueflight and tuned exhaust. Diving gear included.

The SWEE"T"EE from Monogram looks extra bad, but it's all show. There's a stock jug under this custom T's hollow blower. But the 327 Chevy mill is real enough for street encounters. Extra parts included for variations.

They don't come any cleaner or meaner than Monogram's STREET FIGHTER by West Coast designer, Tom Daniel. A super sanitary '60 Chevy Panel with Z-28 Camaro mill under a tilting nose unit. Seethru roof window shows off detailed interior.

See the Monogram 1/24 scale HEAVY 70's plus Tom Daniel's wacky Red Baron®, Rommel's Rod and Tijuana Taxi at your favorite store today.

JUGHEAD NO. 181 JUNE — MEMBERSHIP – TWENTY-FIVE CENTS

Dear Readers,

I want to thank all my Archie Club Reporters and Fans for all the terrific mail about the "Archie Comedy Hour" and our top hit songs! During the past year I have received many thousands of letters saying how much you enjoyed the cartoons, music and dances The Archies perform every week.

I have many exciting plans for the coming season on TV. You will see me singing with my group, The Archies; dashing in and out of Mr. Weatherbee's office at Riverdale High and dating Betty and Ronnie at Pop Tate's Chocolate Shoppe. Right this minute, I am hatching a great new plan to outwit Reggie!

You read all about me in my comics and you see me on TV and now I want to hear what you kids do every day in school and on weekends. Is there a character like Reggie in your neighborhood? Do you have teachers like Miss Grundy who always catch you brewing up trouble? I'd like to hear from you, especially about your hobbies, special interests, any unusual projects you've anticipated for the coming year and your opinions on the current and future fashions and fads. Let us know how the groovy scene in Riverdale compares to your own home town! So let's get with it, Archie Club Reporters! Get your reports in and be eligible to win cash prizes!

Yours truly,

Archie Andrews

Dear Archie,

I have been watching your show ever since it has begun and I think it is the best show ever shown on T.V. Your group is the best singing group ever.

Every Saturday my two brothers and my sister and I sit up and watch your T.V. program. I love your songs and dances and companions. I have been reading your comics for a long, long time and I think they are boss. Sometimes when my father has time he sits up and reads some of your comics and he thinks they are so funny, and so does the rest of the family. Keep up the good work.

2nd PRIZE — $3.00

REPORTER

Dear Archie,

I think this is pretty interesting so I thought others would be interested also. About 2 years ago my father heard from a man that had once owned flying squirrels that were wild in Brewster (Mass.). So he built some bird houses and stuffed them with cotton. He brought them to Brewster and hung them in the trees. He went home and came back about 3 weeks later. He found he had 2. Then in the fall we let them go and we caught some the next spring. These squirrels were running around the cage.

My father thought they were getting restless so he let them go. Then he looked in the box and saw little eyes looking up at him. They were 4 little baby flying squirrels. My father didn't know there were babies in it and was afraid they would not be able to live without their mother. We fed them with an eyedropper in the house and kept them warm.

Finally we found they could eat nuts and they all lived. Now they're almost full size. My father brings them in every night and they run around in the house. They even fall asleep in my father's pants pockets!!

Dear Archie,

I am a new club member and so I would like to tell you a little about myself. I am ten years old and am in the fifth grade in McKenzie School. My favorite subject is science because I think it is very interesting. I also like to write poetry. Here is a poem about a winter scene typical of the area in which I live. I hope you like it!

Mirrors of ice spread o'er the white ground,
Awnings of snow hang on the pines round,
Skaters twirl and glide without a care—
While cotton flakes swirl in the crisp air.

I would also like to say that I like your show. It is really groovy!

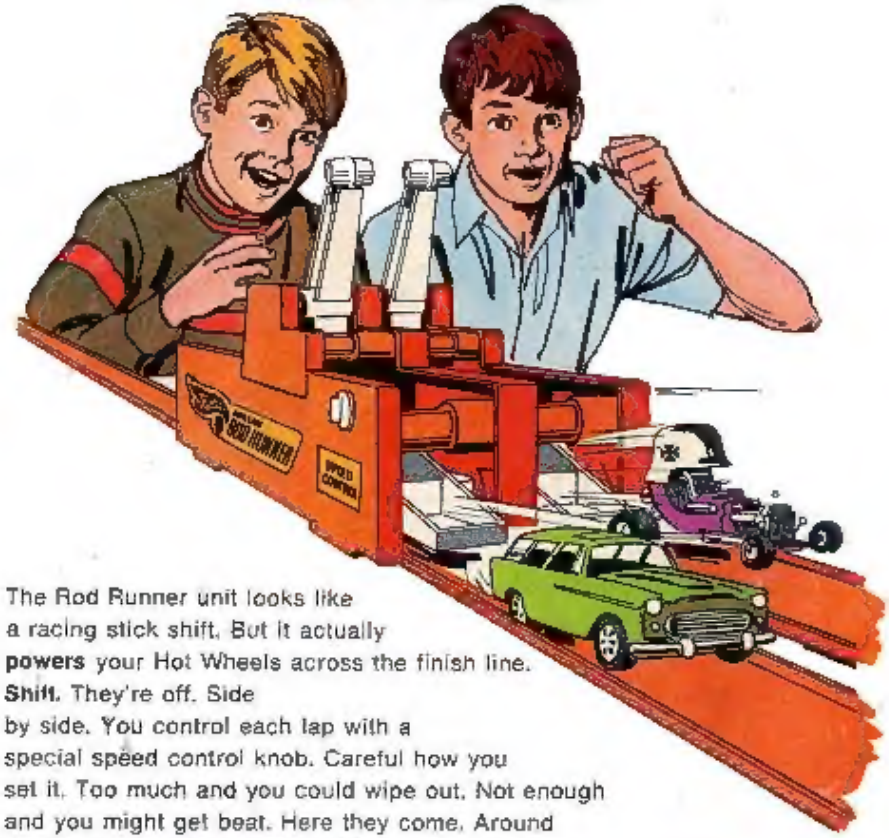
Challenge any kid to a race on The Hot Wheels® Rod Runner.™



The Rod Runner unit looks like a racing stick shift. But it actually **powers** your Hot Wheels across the finish line. **Shift.** They're off. Side by side. You control each lap with a special speed control knob. Careful how you set it. Too much and you could wipe out. Not enough and you might get beat. Here they come. Around the big double-eight track and into the Rod Runner. **Shift.** Your car is out in front. Takes real skill to win. Just like real racing. Race with Mattel's new Dual-Lane Rod Runner Race set or Rod Runner Speedway set. And race for real.
